

How to Subscribe to Podcasts

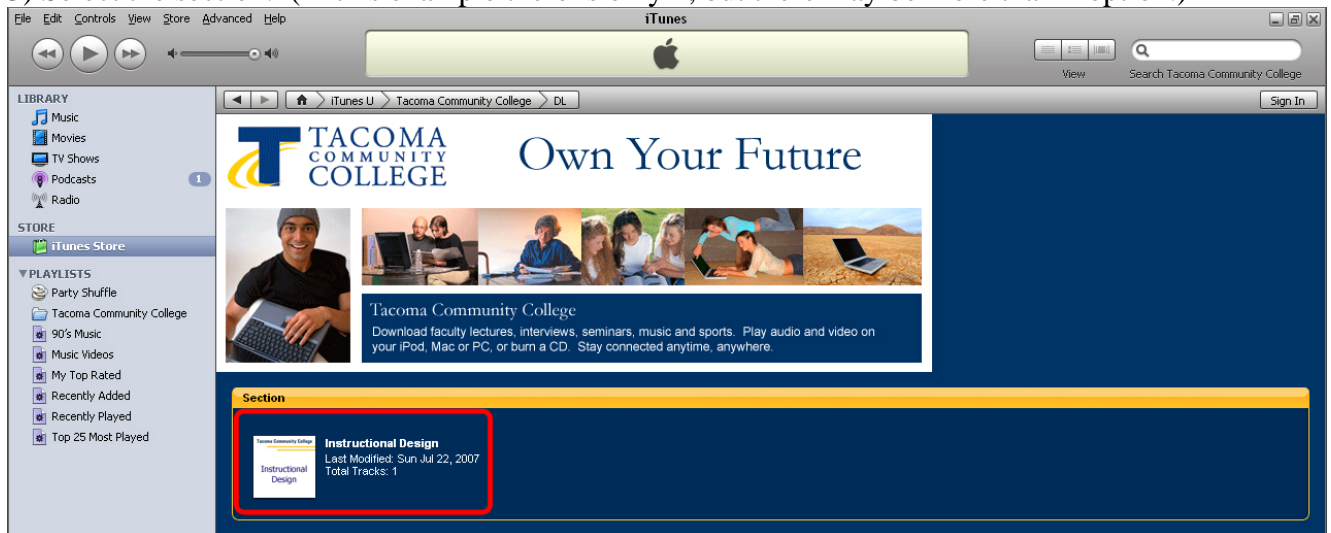

1) Get into T.C.C.'s iTunes U page. Refer to the "How to Access iTunes U" instructions if you are not sure how to do this or have never done it before.

2) Choose the topic or class that you wish to subscribe to. For this example, I will choose "Distance Learning"

3) Select the section. (In this example there is only 1, but there may be more than 1 option.)

4) Click “Subscribe”. This will subscribe you to the iTunes U podcast of your class. (You will want to subscribe yourself to the specific class that you are in, not this one. This is just an example.) Once you have subscribed, the newest podcast(s) will be downloaded each time you open iTunes. iTunes will automatically do this for you.

You are now subscribed!

Note:

(a) To see what podcasts you currently have, click on “Podcasts”. To see the number of new podcasts that have been downloaded, look for the number next to “Podcasts”.

(b) To get a specific podcast, click “GET” under the *Price* heading for the specific podcast that you wish to download.
